APPLICATION INSTRUCTIONS – 2022

For Directors of Vocations/Seminarians

The Pontifical North American College accepts applications to its priestly formation program only from individuals who are sponsored by a bishop of the United States, Canada or Australia. **Before entering the College, all applicants are first expected to complete a college seminary or pre-theology formation program**, which enables them to meet the prerequisites of the Pontifical Roman universities.

All of the information regarding application to the Pontifical North American College is contained in this admissions packet. Please *Download* and *Print* the admissions documents and have the appropriate persons complete the necessary reports and forms. Please collect these materials and send them by private courier service only (UPS, FEDEX, or DHL) to the following address:

*Very Reverend Peter Harman, S.T.D.
Rector
North American College
Via del Gianicolo, 14
00165 Roma*

Application Portfolio

The North American College respectfully requests that all application materials (forms, letters of recommendation, student application, medical and psychological reports, etc.) be submitted in one single application portfolio. This assemblage of materials will help to ensure that each student's application can be processed in the quickest possible way. The (arch)diocesan Director of Vocations/Seminarians is asked to assume responsibility for assembling the application portfolio. Please maintain a copy of all materials included in the application portfolio.

Application Portfolio Checklist

An *Application Portfolio Checklist* form is included with these application instructions. Please use this checklist to ensure that all necessary documents have been accounted for and included in the application portfolio. Please include this completed Application Portfolio Checklist with the application portfolio.

Responsibility for Fulfillment of Application Portfolio

Please remind the applicant that he bears the burden of qualification for admission to the seminary. The application portfolio should be completed in a straightforward and honest way, which provides the Rector and Admissions Committee of the North American College the information they need to make an informed decision regarding the suitability of the applicant for admission. Failure to adequately respond to any of the application questions may delay or halt the application process.

Financial Matters

Billing for room and board, university tuition, NAC formation tuition and computer network/Internet fees is sent directly to the seminarian's sponsoring (arch)diocese in the summer preceding the academic year. If the policy of a particular diocese requires a contribution from the student toward his seminary expenses, the diocese should be reimbursed directly by the student. The College cannot be responsible for billing students directly (*see current PNAC Catalog available online for more information*).

Application Deadlines

Applications for admission to the Pontifical North American College are prioritized according to two deadlines of March 1 and April 4. Those received on or before March 1 will be considered first, those received between March 1 and April 4 will be considered second and those received after April 4 will be considered as they are received. These deadlines enable the College to bring paperwork to the necessary Vatican Congregations in groups rather than one-at-a-time.

Italian Schools and Early Orientation

The Pontifical North American College strongly recommends that students participate in four weeks of intensive Italian language summer studies. More specific information regarding these studies is available on the PNAC website. Registration for schools in Italy will be made through the College and not by the individual students. Students will still be accepted for the academic year even without participating in the summer language studies.

Further Assistance

Thank you for your interest in the Pontifical North American College. All information regarding application to the College is contained in this admissions packet. Please contact the Director of Admissions for the College if you have any questions regarding the application process. All communication related to the admissions process, prior to a seminarian's acceptance, is ordinarily to take place between the Pontifical North American College and the Diocesan Director of Vocations/Seminarians.

Please contact the Director of Admissions when you begin the application process for a student. Certificate of Admission to Candidacy

The Pontifical North American College asks that all seminarians receiving an appointment to the College be received as Candidates for Holy Orders in their home dioceses according to the liturgical rite of *Admission to Candidacy for Ordination as Deacons and Priests* prior to their coming to Rome. There are a number of reasons for this request:

- The nature of the rite itself and the legislation of the Church recommend that a seminarian receive this designation as a Candidate for Holy Orders from his own Bishop or Ordinary (cf. *Code of Canon Law*, c. 1034 § 1). The rite is intended for men who have reached a certain maturity of purpose and are ready to declare publicly their intent to commit themselves to formation for ordained ministry – a phase of formation corresponding to the beginning of their theological studies (cf. Congregation for Catholic Education, *Instruction on Liturgical Formation in Seminaries*, 1979, n. 37).
- The rite of admission is a public acceptance by the Church of the Candidate offering himself and being selected and called to prepare himself to receive Sacred Orders. It properly numbers him among the candidates for ordained ministry (cf. Paul VI, *motu proprio, Ad pascendum*, August 1972). The liturgical celebration of the rite can be effectively used as a prayerful farewell and sending forth of the candidate to pursue his theological studies, giving him a sense of mission and purpose, which is being supported by the assurance of prayers for his success and commitment.
- Furthermore, in order to respect the mandated intervals between Admission to Candidacy and the reception of the ministries of Reader and Acolyte, the rite of Admission to Candidacy should be celebrated as close as possible to the beginning of theological studies. Placing the rite at this requested point gives sufficient encouragement to the seminarian's vocation without attaching a disproportionate significance to it.

An original certificate stating that the seminarian has been admitted to Candidacy is to be submitted as part of the application process to the Pontifical North American College.
